

# Lesson 12

(The illustrations match the points of Checklist #12.)

**12.1** Chords are groups of three keys, constructed according to a visual formula: play a white key, skip a white key, play a white key, skip a white key, play a white key. Here is a C chord:

**12.2** G chords (like all chords) are constructed according to the same visual formula: play a white key, skip a white key, play a white key, skip a white key, play a white key.
